### INTRODUCTION TO THE COURSE

We have a growing awareness and participation in witchcraft related practices, ranging from the seemingly "harmless" esoteric Pagan to the anarchistic and anti-Christian Satanist. The children of God and the church of Jesus Christ is constantly confronted with these practices and people wanting to brake free from their participation in these occult beliefs. The pagan, Wiccan Satanist and even the teenager only dabbling in the occult knows that the only way out is the God of the Christians, thus going to Churches across South Africa for help, only to find that the Christians can't or do not know how to help or even don't want to help

"THE ONLY ONES WITH THE ANSWER DON'T WANT TO GET INVOLVED WHO ARE THEY? THE CHURCH".

This phenomenon raises the question why don't, can't or won't the Church help? Cases pertaining to occult abuse are usually wrongly diagnosed, ridiculed, ignored and sometimes not even noticed. Why? The answer is IGNORANCE AND FEAR. Ignorance of Satan's strategies and fear brought on by the lack of knowledge of what God has called us for, His dream for a dying world.

"MY PEOPLE ARE GOING UNDER DUE TO A LACK OF KNOWLEDGE..." HOSEA 2:6

If you do not know what to look for how will you find it, even if it is right in front your very eyes? This is also true in the field of occult and/or satanic abuse, numerous victims/survivors from these horrific traumas is not even noticed, even in our families or homes and we do not recognize the symptoms because we do not know what to look for.

Throughout the course, we will be aiming to erode the ignorance and fear of individuals, helping them to become part of a healing army of caregivers to those that have been caught in the diabolical web of destruction.
