
Subject: Conference with Pieter & Helene Bos, Michael Pierce.

Dear Saints

We have the pleasure of announcing to you a once-in-a-lifetime opportunity:
To hear three noted international speakers in our city in one week!

They are:
Pieter and Helene Bos from the Netherlands, and
Michael Pierce from Canada.

Although they are not well known in Cape Town, don't let that deter you from attending! All of them will be attending, as delegates from their countries, the International Prayer Consultation at Worcester this week, and had kindly agreed to stay on and bless our city with what the Lord had given them. This is an opportunity not to be missed!

Pieter (city planning consultancy) and Helene (psychology) Bos, Dutch, are international prayer leaders and teachers of intercession for nations and cities. Their background is Reformed; they have 15 years YWAM involvement and are now leading Serving the Nations. Pieter has just released his book "The Nations Called", on the nations and their redemption, and will bring copies for sale. (- "The best book on the nations in existence" - Gerda Leithgöb)
Helene is writing "The Emergence of a Global Infrastructure" and will bring draft copies for sale.
Both Pieter and Helene are content-full and innovative speakers, not trying to be politically correct.
Michael Pierce is an international speaker on City reaching and Transformation. An associate of Alistair Petrie (who had spoke in Cape Town as part of the Transformations Conference in 2000), he has vast experience concerning what the Lord is doing around the world in terms of the redemption of whole cities and nations.
