

Subject: Call nr. 2: Urgent prayer needed!

Dear saints

Florence du Plessis had been admitted to the theatre at Panorama Hospital at 07h00 this morning (Thursday).

Please pray for the neurosurgeon, dr. Fisher Jeffs, that he will be able to stop the bleeding on her brain, and that there will be no brain damage. Florence suffers from a skull fracture on her temple after an assault on her during a burglary at their home in Platteklouf in the early hours of this morning.

In His Name.

Eben Swart
