**Subject: After Two-and-a-half years: A 3rd PILTS Course!**

---

Dear Saints

Ever since we've completed the very first round of the first two PILTS (Prayer and Intercession Leaders Training School) courses, former students have been enquiring when we would start a third course.

And now, eventually, we are able to give them an answer:

IT'S HERE!

Ever since the start of the first course, I've kept a file on my computer, containing 2 or 3 topics which I have felt that we'd left out when we compiled the curricula for the initial 2 courses. And throughout the past 2 years I've been asking the Lord to add to that list whatever He pleased. But the same few items remained there for more than 2 years.

Then, suddenly, since September last year, I sensed how the Lord was redirecting my thoughts to that file. And suddenly he started to speak to me profoundly, adding topic after topic! In the end, they were too many to clump together in one course! So we had to split them up again - hence the formation of Courses 3 AND 4!

And what's more: The nature of the topics are such that you need NOT have completed Courses 1 & 2 to attend 3 or 4! Hence, you are welcome to bring along friends who haven't attended before.

So here they are: (Brochures available from the Lighthouse, tel. (021) 939 7123)

These courses is an attempt to mobilise the corporate prophetic voice (the bulk of which is to be found in the intercessory ministry) in our area.

The stated aim of these courses is:

To equip intercession leaders in the body of Christ with the necessary knowledge and skills to fulfil their contemporary prophetic roles in their local congregations.

The Lord is doing absolutely astounding things in our day. We, as intercessors and prophetic people, owe it to the Body of Believers to make known (in an uncompromisingly credible way) what God is saying to his Church. The Church in SA is currently in grave danger of "running today with the revelation of yesterday." If ever there was a time when the Church had to hear unambiguously what the Lord is saying, then it is now. And the Lord had supremely chosen to use his prophetic people to be that vessel.

This is a wonderful PRIVILEGE and OPPORTUNITY. And also an awesome and humbling RESPONSIBILITY. There is no time to lose. May these equipping opportunities - through you - serve to bless your local church, our city, country and continent.

In Christ

Eben Swart
