The full documentation in print of the facts given in the video are available in Afrikaans or English @ R 25-00 per copy (Postage R10-00 per up to 4 copies).

We consider the information on these video's as vitally important in terms of the transformation of our cities, the church and our country. Please help us to get the info out!

The video's carry a guarantee: Your life will never be the same after viewing it!

These video's started out as lectures given on Spiritual Mapping as part of the PILTS courses whereby Herald Ministry had been training prayer leaders during the past 3 years. During these years, we have received numerous requests for a user friendly version of access to the information. Due to the high cost of duplicating pictures in whatever format, we have made several attempts in the past to make the info available via various media and formats. We believe this one to be a winner!

The video on Sun Worship deals with the concept of pagan fertility rites, and how they manifest in the church and our society of today. This video also serves as a pre-amble to the series on Freemasonry.

The series on Freemasonry deals with secret societies in general, and Freemasonry in particular. The video shows its deep roots into South African churches, the financial world, schools, culture, etc. Alarming and shocking things are revealed.

An urgent call to repentance on these matters run like a golden thread through the content.

You can help to fight the monster of ignorance on these matters by showing the videos to your friends and relatives, and lending them out.

If anyone would like to assist us in the distribution of these materials, please contact us by hitting the REPLY button on your browser.

Yours in Christ
