Dear Saints

The recordings of the first session on THE QUEEN OF HEAVEN went smoothly last night at Bethel Celebration Centre in Plumstead. We almost had a full house of enthusiastic and loyal pray-ers and intercessors from as far as Paarl, Stellenbosch, Melkbosstrand, Strand and Franschoek. And by the looks of things, everybody had a good night. The recording, which was mixed on the spot, now only needs to be edited before it would be available. We sincerely believe that this message, together with the previous teachings on Sun Worship and Freemasonry, could play a major role in making the Body of Christ aware of the manifest bondages in the Church and community. Effective, targeted prayer into these issues is now possible, which will hopefully result in much repentance and forgiveness. The Bride needs to become spotless and blameless before the Great Day of the Lord.

To all those who've prayed faithfully and had phoned in to give moral support and encouragement - may the Lord bless your faithfulness. We were really SO aware of God's Spirit brooding over the whole proceedings. After having to delve into deep, dark issues for half a month, I was almost overcome by the presence and anointing of the Lord during the worship last night. The Lord's Spirit touched me deeply, and emotion almost overwhelmed me. Then I knew that the Lord was putting his blessing and anointing on the teaching, despite the broken human vessels which He used.
