

**Subject:** Participation in EarthWaterFireAir Festival.

---

Dear Saints

An EarthWaterFireAir Festival will be taking place in Cape Town Friday 23 to Sunday 25 September. Part of the programme is a laser show of unprecedented magnitude at the Castle, as well as the largest number of drummers ever to participate in a drumming event in Cape Town. Following this festival, will be a "Spirit Week" from 26 September to 2 October. During this week, almost every conceivable "spiritual" topic will be addressed in lectures, tours and workshops, hosted mainly by the Cape Peninsula University of Technology. Prices for attendance vary from about R45 to about R400. Recently, the organisers have experienced a crises, caused by the withdrawal of government funding of about R200 000 for the festival. Even the very continuation of the project was at stake, but somehow the organisers have been able to continue with the program.

After consideration, this office had decided to become involved in the proceedings, as well as to invite those on this list to become involved as well. Our first meeting will be:

VENUE: Contour Road, Devil's Peak (the road runs past the lower Cable Station. Yes, it's been re-opened after the rock fall!).

TIME: 19h00.

DATE: Wednesday, 21 September (this firstcoming Wednesday!).

BRING ALONG: Warm clothes, flashlights (torches), Bibles, Coffee? etc.

See you there!

Eben Swart
