Dear Saints

After spending the best part of 2004 translating Rev. Alexander Hislop's brilliant, famous book "The Two Babylons" from archaic English into Afrikaans, and releasing it in 2005, I have received numerous expressions of gratitude from enthusiastic Afrikaans readers - for whom whole new horizons have been opened.

Then after presenting a series of lectures from this book (in English) in Paarl earlier this year, I've been requested to do so at Stellenbosch in Afrikaans as well.

For the purpose of the lectures, all the book's meticulous proofs have been cut away - so that only a clear, logical line remains. Emphasis will be put on the 21st century application and conclusions of the information supplied. Come and see for yourself how Biblical prophecy paints the new millennium right before your own eyes!
