

Subject: Tom Hawkins

Dear Saints

On 08/10 we have sent you an e-mail advertising the course on DID (Dissociative Identity Disorder) which would be presented by **dr. Tom Hawkins** and his wife **Diane** (from the **USA**) in Paarl.

Well, this course had taken place, and was a GREAT blessing to all those present.

After this course, they proceeded to Pretoria where they would present it again.

Unfortunately, **Tom was unwell**, and had to be taken to the emergency ward of the hospital.

I copy part of Diane's e-mail:

Just an update on Tom. We took him to the emergency room and it appears that he still has an infection in his body somewhere - perhaps the same as troubled him in October and we were never satisfied that the source was identified. The doctor here found his abdomen tender, did x-rays and thinks that it might be in his intestines. She changed his antibiotic to one that would cover both his lungs and his intestines. If he doesn't feel better by tomorrow, he can come back. Please pray diligently for him.

The teaching and equipping which Tom is doing in South Africa is really a threat to the New World Order. We would like to call all pray-ers and intercessors to earnestly **intercede** for him and Diane.

Thank you for serving Jesus.

Blessings!

Eben
