**Subject:** Warning about videos

NOTE: Several items are below:

(1) WARNING About VIDEOS

-by Josef Urban.

I just want to share a warning with you all about watching the videos of this thing on the internet and of watching the videos of those things related to it. Also of listening to the worship music. Even of videos and music and such from people associated with this that are of the same spirit.

I know a brother who was having serious spiritual attacks the day after he watched a video of the revival and spoke against this, and they persisted, until he prayed and broke the demonic curses and they left instantly.

Also, last night a dark presence came upon my house after watching a video. As soon as we prayed, it went away. And then I knew there was truly something there.

A brother here also had the same thing happen to him last night after watching these videos. He said a dark presence and a wicked spirit entered his house and he and his wife both discerned it and commanded it out and it left and that he too has been warned not to watch these things any more.

There is something really powerful at work here and it's something that the Word of Faith preachers haven't even fully tapped into.

Saints, be careful of these videos. I have personally had my severe warning from the Lord not to watch them anymore, and these other two brothers have also. There is more than just words in conflict here, this is a conflict of spirits. So be warned, and be covered with the blood of Jesus! If you must watch them for the purpose of discernment, and for speaking against it specifically as is profitable for the souls of men, then be covering yourself in prayer for protection as you do, and when you're done, break all curses over you and command any evil spirit to depart from your midst!

For those of you who have been watching it, and have embraced it and are accepting everything that comes from this move and from Todd Bentley, I believe you are potentially in serious trouble and you really need to seek the Lord to open your eyes and renounce everything that is not directly from the Spirit of God.

Matt replies:

Just chiming in to say I agree with you wholeheartedly. I've only watched ~6 minutes of one video and had to turn it off. I felt the Holy Spirit warn me not to ever watch again, His words to me were "don't allow this into your home." After some prayer I know this is truly a Word from the Lord.

(2) DAVID WILKERSON Gets FEW INVITATIONS?

Yulandop writes:

I called David Wilkerson's ministry and I asked why Pastor David doesn't minister within the states very often. She stated that he does not get many invitations to minister within the states.

'Apple' replies:

I am saddened to hear that David Wilkerson is not invited to preach in the US so much anymore. This is a mighty man of God with years of good fruit to vouch for his ministry and character... he has almost been a lone voice calling America to repentance.

Andrew Strom comments:

I almost can't believe what I'm reading. If it is true, that is one of the most terrible things I have ever read. David Wilkerson to me should be one of the most in-demand preachers in America.

I believe he is one of the last prophets of real stature that the USA has - and really a 'giant' you could say. Can this be possible - that he gets few invitations?

If you have any information on this, please let me know.

How awful! God help America.

(3) There is a lot of information and comment posted on our Forums concerning the Florida healing revival. Please take a look. Here is the website-
