

**Subject:** Wanted urgently: Christian Geneticist.

---

Dear Saints

Most of you are aware of the fact that I will be teaching a new series of spiritual research material in Bloemfontein at the end of September. I am currently in the home stretch of the research, and am in urgent need of a Christian geneticist to soundboard certain ideas with. If anybody could supply me with the contact details of such a person, I would greatly appreciate your effort.

Blessings!

Eben Swart
