

Subject: Pictures!

Dear Saints

Thanks SOOO much to all those who have already sent in their pictures of churches and church paraphernalia!
With your help, we are building an impressive database!

If you still intend to take the pictures of your town's churches, we'd like to remind you to take hold of that camera, get the family in the car and start your rounds! This firstcoming weekend would just be perfect.

Some folks have asked:

"Why do the pictures become YOUR property? Will I not be able to use my own pictures in future? Are you going to sue me?"

NOOOOOO!

This is simply to ensure that WE don't get sued when we use everybody's pictures in our DVD. We have absolutely NO agenda to rob you of the use of your own pictures. It's simply a measure to cover our own backs.

For your convenience, we copy our previous email below:

Dear Saints

Blessings and good wishes to all during the Round Ball & Kicking Year of 2010! May God's hand of favour and blessing be upon you!

Please circulate this email as widely as possible.

I anticipate this communication to stir up much opposition in those who love to say "peace, peace" when there is no peace (Jer. 6:14; 8:11).
But only the truth will set us free. Therefore, let the word go out!

Our Plans for this Year:

By the prompting of the Holy Spirit, we have great plans for this year.

In order to make them materialize, we need your help for at least one of them:

We intend to **produce a DVD**, specifically documenting **the infiltration of Freemasonry into South African churches** of all doctrines and creeds.

Thousands upon thousands of churches are scattered all over the face of our beautiful country. It would be an impossible task for one person to try and document them all - it would take years upon years, and thousands of rands to complete such a mammoth task. This is where each of you could make a small, but absolutely vital contribution towards revealing the truth about the institutional church in SA.

The MOTIVE behind this project is this:

Our ministry has been researching this area for years. During this time, we have been overwhelmed by the abundance of **evidence of deeply entrenched secret idolatry among church leadership**. And if WE have been overwhelmed - then God has certainly been aware of this fact for very, very long.

This secret idolatry has **opposed and stunted the work of the Holy Spirit in the church**, and robbed it from God's full blessing.

Hence, the Body of Believers has suffered the consequences of institutionalised sin for centuries. Which has prevented the Gospel of Jesus the Messiah from reaching thousands, maybe millions. And which has caused the Holy Spirit to be grieved and quenched - if not to completely withdraw from such churches. Many churches were saturated with the works of a counterfeit holy spirit, the **Kundalini** - the spirit of Freemasonry.

During our years of research, we have repeatedly come across the stories of how this spirit has manipulated, suppressed and oppressed any true move of the Holy Spirit in churches. This spirit would even purport to encourage prayers for revival, but suppress such revival as soon as it comes.

The HISTORY behind the intended DVD is this:

The Bible is clear on the fact that the only way to deal with sin is **repentance in the Name of Jesus**.

And since this particular sin has crept into the top echelons of church leadership, it needs to be **repented of publicly** by pastors and dominees, moderators, synods, "ringe", deans of seminaries and bible schools, bishops, dioceses, etc.

The Bible is also clear on the fact that Christians need to expose the works of darkness (Eph. 5:11 & 13). After teaching it only to the body of intercessors for many years, this ministry has diligently done so **publicly** since 2003, also suffering the consequences of this exposé. Most of our readers are familiar with our work in this regard.

During these years, the response of church leadership varied from vehement, vocal opposition (a few individuals) to scoff and slander (a greater number). The vast majority, though, varied between **apathy** ("just don't mention it; it will soon blow over") and **personal denial** ("I've seen the facts, but they can't possibly be true").

At large, it seems that church leadership simply lacks the conviction, courage and will to do anything about the matter. Therefore, it gets swept under the carpet continuously, minimised as "not of any importance - we have greater things to do".

On the positive side, a few individuals from independent churches have received the message and started some housecleaning.

Sadly though, after 7 years of diligently spreading the message, I am not aware of a single denominational pastor or minister who has publicly repented of his own sin of Freemasonry, or that of his denomination. This shall be recorded in the spiritual history of the SA church as a sad testimonial to the holiness, strength and faithfulness of church leadership of our time.

The STRATEGY behind the intended DVD is this:

Although it could never be exhaustive, we would endeavour to compile **as comprehensive an overview as possible** of the intended subject: **Freemasonry in SA churches**. This is where we need your church pictures. Somebody needs to wake church leadership from its denial state! Biblical repentance has never been negotiable.

Moreover, it is time for regular pew-warmers to realise what their leaderships are involved in. **Believers need to be empowered to make informed decisions about their involvement in their church institutions**. Keeping well-meaning, submissive believers in ignorance of the unrepented sin of their church leadership (for "the sake of the church") simply represents dishonest, manipulative and degenerate thinking. Church leadership in SA have already wasted 7 years of repentance opportunity since this information has been made public. Judgment begins at the house of the Lord (Ezek. 9:6).

It has also been the aim of this ministry to lay down "building blocks" of knowledge for others to build on later. This DVD would provide an excellent source of information for other researchers to delve into.

Therefore, we intend to put **no copyright** on this specific DVD, and to distribute it at **minimum cost**. Anyone would be entitled to **freely make copies** and distribute them. We would even request you to enquire from the Holy Spirit whatever amount you need to invest into this project (for purchasing blank DVDs, for instance), and to put that aside until you have your own copy of the DVD.

Target date for completion: **30 April 2010**.

What are we asking you to do?

1. Take the family (kids can be rather sharp in spotting these things!) on a tour of your town or area, and take along your digital camera. **Visit the church buildings** (try to go at a time when they're open) and **take good pictures** of the objects suggested below. If possible and applicable, take two pictures of detail items: One detail picture, where the object

of interest fills the entire frame, and one "panoramic" picture of the same object, showing the "context" in which the detail object lies, e.g. a church window: Take a picture where the window (or particular image in the window) fills the whole frame, and another picture showing where the window is located in the church building.

If you photograph a church building, or anything outside, try to position the sun BEHIND you - so the object is in full sunlight.

On the INSIDE of buildings, employ your camera flash. If your camera allows it, adjust the ISO setting to 400, and take the pictures at 1/60 or 1/80 of a second to prevent dark pictures. If you have a tripod, you may even attempt longer exposure times.

2. Then go home and **download** the pictures onto your computer.

3. **VERY IMPORTANT:** Use the filename of each picture to **supply full details** concerning WHICH CHURCH (in WHICH TOWN) the picture depicts, e.g. *NG Church, Zeekoegat West*. If more than one picture is taken at the same church, simply number them *NG Church, Zeekoegat West1, NG Church, Zeekoegat West2*, etc. Without this information, your pictures, and all your hard work would be worthless!

4a. If you have **FEWER than 10 pictures**, then diminish them to a maximum of 12 KB (kilobytes) (use the "resample" function of any picture editor, or the "compress pictures" function of *Microsoft Picture Manager*) and **email them** off to trumpetcal@mweb.co.za. In the subject line, simply write "Church Pictures." If you don't hear anything from us, please phone us at 021-948 0096 to confirm that we have received your pictures (this is to make sure no FMs intercept them!). PLEASE DON'T EMAIL MORE THAN 10 PICTURES!! Our mailbox would simply not be able to handle those quantities!

4b. If you have **MORE than 10 pictures** (that's if you're an *eager beaver!*), DON'T COMPRESS YOUR PICTURES, and please **write them onto a CD or DVD, and mail them** off in a bubble envelope (ask for a tracking number at the Post Office) to PO Box 1362, Sanlamhof, Bellville, 7530. Please be sure to write your name and contact details ON the CD or DVD. Then please phone us at 021-948 0096 to confirm your mailing, and supply us with your contact details and the tracking number (this, once again, is to make sure the pictures are not intercepted without us knowing you've sent them).

5. Then **praise the Father** for showing these things to you, and for the part it would play in the holiness of the church. **Pray** in the Name of Jesus for our, as well as your own **protection**. And please pray for **the success of the project**.

6. All pictures submitted shall be deemed **the property of Trumpet Call** for publication and distribution in any format (in other words, we request that you to surrender your intellectual property rights to the pictures, otherwise we simply cannot use them).

7. **Closing date** for submissions: **31 March 2010**.

What are we looking for?

We are looking for your **pictures which would link church life to Freemasonry**.

Since Freemasonry has hundreds of symbols, a list could never be exhaustive. But experience has taught us to look for the following (although ANY other church-related FMry symbols would be welcome):

Examples:

Church architecture:

Two pillars supporting a triangle.

Two pillars supporting an arch.

Broken arches.

Keystones in arches or above windows (Lewis stones).

Windows in the form of keystones or obelisks.

Pulpits in keystone or other Masonic shapes.

Pulpit backdrops in Masonic shapes.

Steeple in obelisk shape.

Weathercocks on steeples.

"Layered" entrances.

Church Yards:

Graves in church yards.

Masonic tombstones or graves (obelisks, handshakes, black & white tiles, skulls & crossbones, etc).

1938 Voortrekker Trek of Remembrance memorabilia.

"Broken" pillars.

Masonic signs:

Rising sun or full sun symbols.

Squares and compasses.

Crosses and Crowns (AFM of SA).

Masonic Plaques.

Masonic chandeliers.

Pictures of Masonic church leaders (hand on book, scroll in hand, hand on belly or chest, turned eyes, glancing over glasses, etc).

Five-pointed stars.

The "Star of David" or six-pointed star.

Seven-pointed stars.

Nine-pointed stars.

Beehives.

Swords.

Mandorlas (almond shapes).

Maltese crosses.

Eyes.

Sand timers.

Phoenixes (usually eagles - could be double headed)

Pelicans

Lions

Flaming hearts.

Anchors, keys, books.

Triple or Quadruple Tau (or capital T)

Trowels

Torches

Gavels

Flaming urns.

Names & contact details:

We need the names and details of church leaders who are Freemasons. Don't speculate. Please only supply the details of confirmed members, in the following format:

Name:

Address/Town:

Church affiliation:

Phone:

Thank you SO much for your kind contributions to this groundbreaking project! May the Lord bless you!

In Christ
