Dear Church leader

You and your Congregation are invited to an unforgettable event hosted by Open Doors at the Light House in Parow on the 11th of November - 10:00 AM.

Our Speaker Paul Estabrooks will be sharing on lessons learned from the house church movement in China -

When my Husband - who was a pastor - was imprisoned, I was told I would never see him again. It was a very heavy burden to provide for my children and mother-in-law. The future seemed so dark. One night God spoke to me and said, "These things have come from me." I told Him, "If they are from you, please protect my family and me. Do not allow me to disgrace your Name. I want to follow you and glorify you!" God never forsook me. But He did test me. The first test was the pressures of life. I earned only 80cents a day - God provided for us as He did for Elijah. The second test was political pressure. Authorities pressured me to criticize my religious beliefs and divorce my husband. The third test was the pressures of work. I had to pull wagon loads of construction bricks. God was merciful and gave me strength. The fourth test was the lust of the flesh, I was 39 years old when my husband was taken away, men came to me with gifts of money and clothes and I would tell them that I am a Christian and cannot divorce and remarry. God loved me so much that he gave me strength to overcome all these temptations. Whenever I prayed He provided all that I needed. After 21 years and 8 months my husband was released from prison.

- China is experiencing the longest lasting revival in church history come and join us as we learn from them how it's done!
