

**Subject:** Apology for absence.

Dear Saints

Since our previous submission to this list concerning the release of our latest DVD "*Die Vals Priesterdom - Vrymesselary onder SA Kerkeierskap*" my wife and I have been ministering at Richards Bay for 9 days.

By God's grace, the ministry had been GREAT, but WOW!, what a shock when we got home:

Our fax machine was out of paper, our answering machine was stocked to capacity, and our e-mail boxes were full! Our son, who stayed at home, could not resolve the situation, and out of desperation finally took the phone off the hook!

**WE NEVER EXPECTED SUCH AN OVERWHELMING RESPONSE TO THIS DVD!**

Apparently the copies we have already mailed out, have run across this country like wildfire!

For all of those who could not get their orders through: **Our sincerest apologies.** We sense the frustration in some of your messages that actually got through! **We are SO sorry!** Please forgive us!

The good news is: We are home now, and will see to your orders asap. Please watch your mailbox!

We would also like to use this opportunity to ask for your prayers concerning the documentation on these DVDs:

Please pray with us that hundreds, if not thousands of church leaders would come to public repentance in the Name of Jesus, and hence freedom from the curse of Freemasonry on their individual lives, those of their families and loved ones, as well as their churches.

Yours in Christ

Eben Swart
