

**Subject:** Update on Florence.

---

Dear Intercessor

Below please find the latest message by dr. Henry Kirby regarding Florence du Plessis' condition.

Blessings!

Eben Swart

---

Florence had successful emergency neurosurgery following her being assaulted during a break in in our home at 02h00 on 28th November. She is awake and talking. She still has a very sore neck from the strangulation and her voice is a bit hoarse.

She will be transferred to an ordinary ward on saturday 30th November and will probably be up and about quite soon. Thank you to all of you across the country who upheld her in prayer and who forwarded messages about her condition.

Henry & Henriette Kirby
