

**Subject: URGENT PRAYER ALERT!!**

---

***URGENT PRAYER ALERT FOR INTERCESSOR'S LIFE.***

Dear Saints

Normally we do not publish personal requests for prayer which is not at least of City-wide interest. This time, though, we would like to make an exception, due to the seriousness of the matter:

Two days ago, one of our city's intercessors, Maria Engelbrecht, had been diagnosed with an advanced stage of leukemia (blood cancer). What we need, is a miracle from God.

Maria and her husband Derick - both still in their thirties - are well known in northern suburbs church circles and passionately serve the Lord on various levels of ministry. Recently, the Lord had directed them to sell their business and serve Him full-time. Maria, being of Swedish origin, had recently visited Sweden for her father's funeral . While there, she had secured arrangements with a local ministry for an outreach to Sweden next year.

Neither Derick, nor Maria feels that this is her time to go. Her work for the Lord is not finished. During prayer, the Lord had given them Jer. 33 as an encouragement and source of hope. This was confirmed by praying friends.

We hereby ask you to join hands with the rest of the praying body of Christ in our region and intercede for Maria's life. The medical prognosis is far from positive. But with God, everything is possible.

Let us boldly approach God's throne to save her life, and continue ministering in His Name.

Yours faithfully

Eben Swart
